

FOR IMMEDIATE RELEASE

New Chapel at Pine Haven

Pine Haven Christian Communities in Sheboygan Falls was established to provide Christ centered care in 1950, and we continue on that mission today...59 years later.

The new Chapel at Pine Haven will provide our residents, their families and friends a place to go to reverently worship. It will also provide our many local participating churches a permanent place to meet with their congregation members and to join together in worship.

The new Chapel will be designed to accommodate live, recorded services and music. The Chapel hosts an atmosphere using stained glass and furnishings designed for a church setting that will give our residents the feeling that they truly are a part of the services they view and participate in.

Pastors who come to Pine Haven to conduct services will find a place that will be conducive to positively reaching out and sharing their messages with their congregations.

We believe that the new Chapel will be one more outward sign of our inward promise to provide our residents with the best Christ centered care available.

For further information please contact Jeff Jenkins at 920-467-2401 Ext. 103.
